

Echoes of His Love is presented by Phazz One Ministries, a group of ordinary Christians who have pledged themselves to do something extraordinary for Jesus. We are a cast of entire families—fathers, mothers, and children—united in ministry. Our ultimate goal is to lift Jesus up so that He can draw all men to Himself.

It is also our goal to unite church families in ministry. A church “village” is required to properly present this production. It is through cooperation in a common cause that church family members can give and receive the greatest joy and blessing. This is why we:

- invite members of the host church family to join us on stage for a few numbers.
- invite the youth of the host church to act as stage crew, host and hostesses, and general helpers.
- request a reception after each performance so everyone may truly fellowship together.

Phazz One Ministries also offers workshops to interested churches. These workshops teach how to begin a similar ministry in their church.

Echoes of His Love is touching the hearts of people who have stopped attending regular church, and many who admit they would never come to hear a sermon. Jesus is coming soon! *Echoes of His Love* is a creative way to present His wonderful gospel of love to more people and places.

You will never forget your experience with Jesus through *Echoes of His Love*. Come experience the laughter, the happiness, the peace. Come experience God's love.
